Conclusion

This is the second month in the year 2023. We appreciate so much our dear donors for their great commitment of supporting and funding HEM activities. May God bless you abundantly!

This month, we have done a remarkable improvement comparing to the last month of January 2023. Many vulnerable refugees have been supported. We give thanks to God who provided for you and for us!

In general, refugees are so much suffering with hunger! No food, no money (remember that each refugee is given by UNHCR 13,000 Ugsh per month for all cost of life!!!), and it is impossible really to survive with this amount!

We are calling to everyone to advocate for refugee here in Uganda. We need more donors.

We continue to appreciate UNHCR and OPM for the little support they are giving to refugees. At least they have somewhere to stay even if staying somewhere with no food means nothing to refugees! But we appreciate!

May God bless you all,
