Conclusion

With this report, we would like to express our sincere appreciation to our dear donors for supporting vulnerable people especially total orphans, elderly and widows. May God bless you abundantly!

God has done a wonderful work providing for you, for us and vulnerable refugees; let us together praise Him and Glorify His name. We are still believing in Him for the future. As God started the work which HEM is doing today, so too He will provide whatever will be needed in the future. All that He accomplishes will be good and be well done.

We still need more prayers, advice and funds for supporting more vulnerable people. These days all of the world economy is down, as it is here as well, and wars in East Africa are killing and displacing many people especially our neighbours to the west in the Democratic Republic of Congo!

May God continue to provide and protect our fellow refugees especially here in Uganda. Amen.

Blessings to you all
